

e-INS 2025 Mobile App

Sync Up with e-INS 2025

Download Pocket-Sized Congress Power

Be one step ahead with the e-INS 2025 App and master every moment with a single tool. Get rid of the paper. Keep the power.

From a vibrant, beautifully designed interface to meticulous detail in how we plan, explore, and connect at this year's e-INS congress – everything is here.

Stay in sync with the live programme, browse through faculty bios, explore poster galleries, get to know exhibitors and supporters, and stay on top of every detail – right down to the venue's Wi-Fi password. Connect with fellow attendees through our networking hub to make the most of this experience, and enjoy instant access to your e-tickets – because we're big on sustainability.

How to Download the e-INS 2025 App

1. Scan the QR code, search “e-INS 2025” or follow the buttons below
2. Download the app and use the access credentials you received

Your e-INS 2025 Toolkit

Live, interactive congress programme: always up to date and easy to navigate

Full faculty directory: including bios and background for every speaker

Abstracts and poster galleries: browse all scientific content in one place

Session and presentation info: detailed listings with times, topics, and speakers

Exhibitor and supporter profiles: explore who's behind the booths

Venue details: including maps, access info, and even the Wi-Fi password

Networking hub: connect, message, and meet other attendees

Personalised favourites: save and pin sessions, exhibitors, and people to your personal profile

E-ticket access: easy entry with digital tickets, because we care about sustainability
